

LONCARE

A concentrated neutral pH floor cleaner designed for use on resilient sheet vinyl. No rinsing is needed unless mop water is dirty. Best results are gained when used at the proper use dilution. It is best used on floors that are mopped frequently. Used on a regular basis, it will enhance floor appearance and prolong the life of the floor finish. Excellent for use in automatic scrubbers for cleaning large floor areas.

Features and Related Benefits

Neutral pH	Will not harm floor finish or wax
Built with synthetic detergents	Gently cleans soils from surfaces
No rinse necessary	Will not leave dulling soap film

Areas of Use

May be used with electric, battery, or propane equipment in: Restaurants, hotels, motels, offices, hospitals, nursing homes, doctors offices, schools, universities, child care centers, grocery stores, malls, retail stores

To Use –

Dilute 2 oz. per gallon (1:64) for light soils; apply by microfiber mop pad/mop or automatic scrubber.

Average Coverage: 2,000 s.f./gallon.

Please refer to *Lonseal’s Technical Manual for Interior Flooring Products* or www.lonseal.com/maintenance for further information.
