

LONSEAL

HOAG HOSPITAL

Sue and Bill Gross Women's Pavilion

DESIGN FIRM: TAYLOR

LOCATION: Newport Beach, California

PRODUCT: Lonwood Natural and Lonwood Dakota

"For the Labor and Delivery area of Hoag Hospital, we knew it was necessary to specify a flooring that was resilient and durable, yet warm and aesthetically soothing to create a welcoming and therapeutic atmosphere. Lonseal's Lonwood was a perfect solution – resembling authentic wood, it offers a home-like look and feel in a place where healing and comfort is of utmost importance."

"Lonseal's Lonwood Natural provides a touch of 'by the sea' color to further promote a calming environment in Hoag Hospital's Sue and Bill Gross Pavilion. Coupling visual appeal with durability, Lonseal's surfacing is ideal for areas highly trafficked by people, as well as heavy medical equipment."

- Brad Smith, Principal, Creative Director, IIDA, CID
