LONSOLSTICE

Halo Aircraft Collection

The Halo Collection is a series of urban, earthy, raw designs that gives aircraft cabins a more relaxing, inspiring, and beautiful environment. The natural look of the collection is inspired by the Japanese Zen principles, to reflect balance, harmony and relaxation. The color scheme of the Halo Collection incorporates organic accents and creates an emotionally satisfying inflight experience that will transform guests in every aircraft cabin.

As Lonseal's foremost eco-friendly product, LONSOLSTICE'S subtle design suggests a dense cork look and incorporates small flecks of coloring to provide depth and grit
