
LONSEAL'S ENVIRONMENTAL STATEMENT

Our commitment has resulted in:

- **12.6 million pounds of material is diverted from landfills.** Every year Lonseal recycles 12.6 million pounds of post-industrial material into our manufacturing process.
- **978,000 gallons per day of water is diverted from the water stream.** 81% of the water used in the manufacturing process is recycled back into the manufacturing process.

Corporate Commitments and Product Key Features

- Company Environmental Policy
- Extended Life Cycle costs with lower environmental impact
- GreenMedic™ Collection: Microbial resistant technology
- Lonseal's GreenAir™ Collection: low emitting VOC's
- CEU course on vinyl's green and sustainable attributes
- Excellent Life Cycle Assessment (35 years or more)

Potential LEED Contributions

- LEED MR 4.1 & 4.2: Recycled Content - Post Industrial (over 35%)
- Indoor Environmental Quality Credit 4.1 for Low Emitting – Adhesives (Lonseal 555A)
- Compliant with CALIFORNIA IAQ REQUIREMENT SECTION 01350
- CHPS EQ 2.2 Low Emitting Materials Credit

Manufacturing/Operating Process

- Dedicated Vinyl Products Recycling Plant
- All packaging and shipping materials are 100% Re-Usable and 100% Recyclable
- JIS Q 9001:2004/JIS Q 9001:2000, the International Quality Assurance Standard
- ISO 14001, the requirements for Environmental Management Systems
- Committed to Re-use Sample Program

Memberships/Affiliations

- California Collaborative for High Performance Schools (CHPS)
- Active Member of the USGBC
- Certified by GREENGUARD Environmental Institute for low VOC emitting products
- GREENGUARD listed for Microbial Resistance
